

Cotton Kick-r

10-0-24

an enhanced nitrogen
and potassium solution

BENEFITS OF SUPPLEMENTAL NITROGEN & POTASSIUM IN COTTON CROPS

COTTON KICK-R is a high analysis liquid blend of nitrogen & potassium carbonate solution. COTTON KICK-R is ideal for boll filling and to increase disease resistance in plants. Cotton plants with good levels of nitrogen & potassium are more tolerant of moisture stress.

COTTON KICK-R provides supplemental nitrogen which is critical for proper growth and development during the growing season.

COTTON KICK-R provides potassium which is vital to photosynthesis in cotton plants and is important in the breakdown of carbohydrates. This process provides energy for plant growth and is essential for boll formation and maturity.

Information regarding the content and level of metals in this product is available by calling (800) 355-4457.

SPECIMEN LABEL

GUARANTEED ANALYSIS

Total Nitrogen(N).....	10.0%
10% Water Soluble Organic Nitrogen	
Soluble Potash (K ₂ O).....	24.0%
Derived from Urea and potassium carbonate	
Maximum chlorine content	0.01%

Wt/Gal: 10.70 Lb @68F

Gr/Ltr:: 1401 g.@ 20C

APPLICATION

Apply COTTON KICK-R at 1 to 4 quarts per acre each application. Application of 1- 2 quarts per acre are adequate for maintenance of supplemental nitrogen and potassium. Higer rates can be utilized when difficiencies occur. Field, vegetable and row crops apply 1-4 quarts per acre.

COTTON KICK-R may be mixed with most pesticides, however, it is always advisable to perform a simple jar test before mixing. Do not mix COTTON KICK-R with non-chelated nutrients such as calcium, copper, manganese, magnesium, iron or zinc compounds. Do not mix with sulfate or chloride salts or with spray oils.

CAUTION

Avoid applying COTTON KICK-R if the crop is under heavy stress from pests, drought or in excessive heat.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contact with the skin and eyes as it causes irritation and possible damage. Thoroughly wash any exposed body part with liberal amounts of water. Seek medical attention for eyes.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Rinse container. Empty rinsate into spray tank. Dispose of empty container according to approved local practices. Contact county agricultural commissioner for disposal information.

CONDITIONS OF SALE

Follow directions carefully. Timing and methods of applications, weather and crop conditions, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
